

Bee Rules

Audience:

please refrain from assisting players or offering answers.

1. Each team will consist of up to three people including a designated captain.
 2. To begin play, the MC will read a question and then repeat it.
 3. If requested by any player, the MC can read the question an additional time.
 4. Teams have 30 seconds to record an answer on an answer sheet and get it in the hands of their scorekeeper.
 5. The Referee will give warning after 20 seconds, and ring buzzer (or blow whistle) at end of 30 seconds, at which time answers must have been turned in to scorekeepers.
 6. The MC will read the answer to the question.
 7. Correct answers are worth one point.
 8. Scorekeepers will mark correct (C) or incorrect (X) on answer sheet and return it to team captain. Any questionable answers will be given to the judges, who will decide whether or not to award the point. The judges' decisions are final.
 9. At the end of 6 rounds, the top six teams will compete in a final play-off round to decide the Trivia Bee Champion. If a tie needs to be broken, a question will be asked that has a numerical answer. The team(s) that offers the number closest to the answer will win a spot in the play-off round.
 10. Electronic devices, including phones, are prohibited during play.
- **If a team is found to have cheated in any way, no point may be earned for that question. (Cheating includes soliciting answers from the audience, stealing an answer from another team, phoning a friend or using electronic devices to obtain an answer.) ****
